### A FEW THINGS...

- In order to set up tables for the adults attending the children's parties, being a café we do assume that customers using tables will be making purchases from the menu. No outside food is to be brought into the café unless organised prior to your booking.
- Other alternatives are for us to run a drink 'tab' and you pay at the end (guests pay for their own food), or for guests to order from the café menu and pay for themselves.
- Sandwiches, canapes and cakes are served on a platter & guests will be provided with plates & napkins to serve themselves.
- Gluten free bread & cakes are available - please mention this when making your booking so we can cater for your needs.
- If something you require is not part of one of the above packages, please don't hesitate to discuss your needs with us.
